(Contd. of page 1)

Specific treatment (see on this label). Take off contaminated clothing and wash it before reuse. If skin irritation occurs: Get medical advice/attention.

- · Other hazards
- · Results of PBT and vPvB assessment

• **PBT:** Not applicable.

· **vPvB:** Not applicable.

3 Composition/information on ingredients

· Chemical characterisation: Mixtures

• **Description:** Mixture consisting of the following components.

· Dangerous components:				
CAS: 14808-60-7	Quartz (SiO2)	60-80%		
CAS: 65997-15-1		≥10-<20%		
	Eye Dam. 1, H318; Skin Irrit. 2, H315; STOT SE 3, H335			
	Calcium carbonate	<10%		
	Acute Tox. 5, H303; Acute Tox. 5, H313			
	Fly ash Portland cement	<i>≥</i> 3-<5%		
	Eye Dam. 1, H318; Skin Irrit. 2, H315; STOT SE 3, H335			
· Additional inforn	nation For the wording of the listed hazard phrases refer to se	ction 16.		

4 First aid measures

· Description of first aid n	neasures
· After inhalation	Supply fresh air.
· After skin contact	Instantly wash with water and soap and rinse thoroughly.
· After eye contact	Rinse opened eye for several minutes under running water. Seek medical treatment.
· After swallowing	Rinse out mouth and then drink plenty of water. Seek medical treatment.

5 Firefighting measures

- Extinguishing media
- Suitable extinguishing agents Use fire fighting measures that suit the environment.
- · Special hazards arising from
- the substance or mixture No further relevant information available.
- Advice for firefighters
 Protective equipment:
- No special measures required.

(Contd. on page 3)

6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures
- Environmental precautions: No special measures required.

Not required.

 Methods and material for containment and cleaning up: Collect mechanically.
 Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for information on disposal.

7 Handling and storage

- · Handling
- · Precautions for safe handling Prevent formation of dust.
- Information about protection against explosions and fires: No special measures required.
- · Conditions for safe storage, including any incompatibilities
- · Storage
- Requirements to be met by
- storerooms and containers: No special requirements. Information about storage in
- one common storage facility: Not required. • Further information about
- storage conditions: Keep o
- Storage class
- Keep container tightly sealed. 13

8 Exposure controls/personal protection

- Additional information about design of technical systems: No further data; see section 7.
- · Control parameters

Revision: 23.02.2024 Printing date 23.02.2024 Version number 29 Trade name MC-Floor Screed BE (Contd. of page 4) · Material of gloves Strong gloves The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application. · Penetration time of glove material The exact breakthrough time must be obtained from the protective glove manufacturer and must be observed. • Eye protection: Not required. · Body protection: Protective work clothing.

9 Physical and chemical properties · Information on basic physical and chemical properties · General Information · Appearance: Form: Powder Colour: Grey · Smell: Odourless · pH-value at 20 °C: 11 · Change in condition Melting point/freezing point: Not determined Initial boiling point and boiling range: 2230 °C Not applicable · Flash point: · Self-inflammability: Product is not selfigniting. Product is not explosive. • Explosive properties: 13.5 hPa Steam pressure at 1732 °C: · Density Not determined · Solubility in / Miscibility with Water: Unsoluble · Viscosity: dynamic: Not applicable. kinematic: Not applicable. · Other information No further relevant information available.
