<ul> <li>Trade name</li> <li>Relevant identified uses of</li> </ul>	MC-Montan Injekt FN - Komponente A
the substance or mixture and uses advised against	No further relevant information available.
<ul> <li>Application of the substance</li> <li>/ the mixture</li> </ul>	Injektion Polyurethane resin
· Details of the supplier of the s	-
• Manufacturer/Supplier:	MC-Bauchemie Müller GmbH & Co. KG Am Kruppwald 1-8 D-46238 Bottrop Tel.: +49(0)2041-101-0
	Fax.: +49(0)2041-101-400 E-Mail: info@mc-bauchemie.de
	MC-Bauchemie AG Hagackerstr. 10 CH-8953 Dietikon Tel.: +44-7400510
· Informing department:	Fax : +44-7400533 msds@mc-bauchemie.de
2 Hazards identification • Classification of the substance or mixture	The product is not classified, according to the Globally Harmonis
	System (GHS).
<sup>.</sup> Label elements	
· GHS label elements	Void
<sup>.</sup> Hazard pictograms	Void
<sup>.</sup> Signal word	Void
<sup>.</sup> Hazard statements	Void
• Other hazards	
· Results of PBT and vPvB ass	
· PBT:	Not applicable.
· vPvB:	Not applicable.

#### · Chemical characterisation: Mixtures

• **Description:** Mixture of the substances listed below with harmless additions.

· Dangerous components:

CAS: 25322-69-4 Polypropylene glycol Acute Tox. 4, H302; Acute Tox. 5, H313 10-30%	
(Contd. on page 2)	

Page 2/7

# Safety data sheet according to 1907/2006/EC, Article 31

Revision: 25.02.2024

#### Trade name MC-Montan Injekt FN - Komponente A

· Additional information

(Contd. of page 1) For the wording of the listed hazard phrases refer to section 16.

#### 4 First aid measures

Description of first aid measures

- · After inhalation
- · After skin contact

· After swallowing

· After eye contact

Supply fresh air; consult doctor in case of symptoms. Instantly wash with water and soap and rinse thoroughly. Rinse opened eye for several minutes under running water. Call a doctor immediately. Rinse out mouth and then drink plenty of water. Seek medical treatment.

#### 5 Firefighting measures

- · Extinguishing media
- · Suitable extinguishing agents Use fire fighting measures that suit the environment.
- · Special hazards arising from the substance or mixture No further relevant information available.
- · Advice for firefighters
- · Protective equipment: No special measures required.

#### 6 Accidental release measures

<ul> <li>Personal precautions, protective equipment and emergency procedures</li> <li>Environmental precautions:</li> <li>Methods and material for</li> </ul>	Not required. Prevent material from reaching sewage system, holes and cellars.
containment and cleaning up	: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
· Reference to other sections	See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for information on disposal.

#### 7 Handling and storage

· Handling

· Precautions for safe handling Ensure good ventilation/exhaustion at the workplace. Prevent formation of aerosols.

- · Information about protection against explosions and fires: No special measures required.
- · Conditions for safe storage, including any incompatibilities
- · Storage
- · Requirements to be met by storerooms and containers: No special requirements.

Page 3/7

Trade name MC-Montan Injekt FN - Komponente A

 Information about storage in one common storage facility: Not required. · Further information about storage conditions: None. Storage class 10

8 Exposure controls/personal protection · Additional information about design of technical systems: No further data; see section 7. Control parameters · Components with critical values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. · Additional information: The lists that were valid during the compilation were used as basis. · Exposure controls · Personal protective equipment · General protective and hygienic measures Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the eyes. · Breathing equipment: In case of brief exposure or low pollution or when application is performed at confined area with adequate mechanical ventilation meeting local authority requirements. use breathing filter apparatus. In case of intensive or longer exposure use breathing apparatus that is independent of circulating air. · Protection of hands: Protective gloves. Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation After use of gloves apply skin-cleaning agents and skin cosmetics. • Material of gloves Butyl rubber, BR The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application. · Penetration time of glove material The exact breakthrough time must be obtained from the protective glove manufacturer and must be observed. • Eye protection: Not required. Protective work clothing. Body protection:

#### Trade name MC-Montan Injekt FN - Komponente A

 Hazardous decomposition products:

No dangerous decomposition products known

#### **11 Toxicological information**

· Information on toxicological effects

· Acute toxicity

information:

· LD/LC50 values that are relevant for classification:

CAS: 25322-69-4 Polypropylene glycol

 Oral
 LD50
 1000-<2000 mg/kg (rat)</th>

 Dermal
 LD50
 >2000 mg/kg (rabbit)

Dermai LD50 >2000 mg/kg (rabbit)

- Primary irritant effect:Skin corrosion/irritationNo irritant effect.
- Serious eye damage/irritation No irritant effect.
- Respiratory or skin sensitisation
   Additional toxicological
- No sensitizing effect known.

The product shows the following dangers according to the calculation method of the General EC Classification Guidelines for Preparations as issued in the latest version: Harmful Irritant

#### **12 Ecological information**

· Toxicity

· Aquatic toxicity:	
CAS: 25322-69-4 Polypropyl	ene glycol
LC50/48h >100 mg/l (Leucidu	ıs idus)
EC50/48h >100 mg/l (Daphnia	a magna)
EC0 >100 mg/l (Desmodesmus subspicatus)	
Persistence and degradabili Behaviour in environmental	ty No further relevant information available. systems:
	No further relevant information available.
· Mobility in soil	No further relevant information available.
· Additional ecological inform	nation:
General notes:	Do not allow undiluted product or large quantities of it to reacl ground water, water bodies or sewage system.
· Results of PBT and vPvB as	sessment
· PBT:	Not applicable.
· vPvB:	Not applicable.
· Other adverse effects	No further relevant information available.

#### **13 Disposal considerations**

- · Waste treatment methods
- · Recommendation

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

- · Uncleaned packagings:
- Recommendation:

*Empty contaminated packagings thoroughly. They can be recycled after thorough and proper cleaning.* 

## 14 Transport information

· UN-Number · ADR, ADN, IMDG, IATA	Void
· UN proper shipping name · ADR, ADN, IMDG, IATA	Void
· Transport hazard class(es)	
· ADR, ADN, IMDG, IATA · Class	Void
· Packing group · ADR, IMDG, IATA	Void
· Environmental hazards: · Marine pollutant:	No
· Special precautions for user	Not applicable.
<ul> <li>Transport in bulk according to Annex II of Marpol and the IBC Code</li> </ul>	of Not applicable.
· UN "Model Regulation":	Void

#### 15 Regulatory information

- Safety, health and environmental regulations/legislation specific for the substance or mixture
- · Directive 2012/18/EU
- Named dangerous
- substances ANNEX I None of the ingredients is listed.

· Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

#### 16 Other information

These data are based on our present knowledge. However, they shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
